[FAQ](#)

Since its establishment in 1993, 1st Choice Entertainment has taken pride in its ability to provide quality musical entertainment for your special event. Add my extensive music library and you have all the elements needed for a successful and fun event. I have performed over hundreds of events and it's good to know that over 80% of my business comes from either word-of-mouth referrals or from individuals who have experienced my mobile DJ entertainment first hand.

It should also be known that we are not a large company by any means(1 dj) Me!!!

My primary focus has always been on the quality of our service and not on the number of DJ's...Or the number of events I Book...

It is my desire to make your event a long lasting one well after the last song and dance...

Call or email me to setup an appointment.
